

# Arnot Medical Center School of Nursing

ArnotHealth  
Elmira, NY

September 18, 2025

Dear Guidance Office:

The Arnot School of Nursing is excited to be offering multiple Virtual Information Sessions on ZOOM this year. These sessions are brief, only 30 minutes including time for questions. Anyone interested in attending should register to attend on the Arnot School of Nursing website's contact page. We will send the link to the email they provide. Our goal is to share our school information without tying up student's, parents' and school representatives' time while still providing all the information they need or request.

## Our admissions process.

- Our application will now be available online through our website [www.arnothealthson.org](http://www.arnothealthson.org).
- **Deadline to apply is now March 15, 2026.**
- We are still requiring algebra and chemistry as preadmission requirements. High school students can apply prior to completion of the algebra or chemistry requirement but must complete it by June 30th.
- We are still requiring an ATI TEAS test score that is equal to or greater than the current National average. Information on the ATI TEAS can be found at: [www.atitesting.com](http://www.atitesting.com), on our website, or in our catalog.
- **Applicants will NOT be offered an interview for admission until successful completion of the ATI TEAS test.**
- **The ATI TEAS must be completed by March 15, 2026, the deadline for Fall 2026 admission.**

ArnotHealth, to help stem the nursing shortage, is investing in sponsorships for the class of 2028. Students who are accepted into the sponsorship program will be able to attend the Arnot School of Nursing practically for free, **books, fees, and tuition are covered by this sponsorship.** Students can then use their Title IV funding or any grants and scholarships to cover housing and transportation. Students must agree to stay and work at Arnot Health on a medical-surgical unit or the behavioral sciences unit for 3 years.

## Why attend the Arnot School of Nursing?

- **Our NCLEX pass rate for the past 5 graduating classes is 98% and employment rate is 100%**
- **This is a well-established RN nursing school with a 140+-year history**
- **Small classrooms and clinicals**
- **Clinical hours begin in students' Freshman Fall semester**
- **The most hospital clinical hours of any program in the area**
- **Very affordable**
- **Financial aid and Scholarships are available**
- **Close to home**

If you have students who would like to meet in person to discuss our program, I would be happy to schedule an in-person or Zoom visit. If you would like us to table at your school for any upcoming events, please let me know.

I look forward to working with you and your students. Enclosed you will find our Virtual Information Sessions flyer, and a few brochures. Thank you in advance for posting this for students. Please do not hesitate to reach out with questions or if you need additional materials. I would be happy to provide as many as you may need.
