Purpose

Administrative, professional and classified employees set an example in dress and grooming for students and the school community at large. Employees' dress should reflect their professional status and encourage respect for authority in order to have a positive influence on the district's programs and operation.

Authority

The Board has the authority to specify reasonable dress and grooming guidelines for staff, within law, that will prevent such matters from having an adverse impact on the educational process and district operations.[1]

All employees when assigned to district duties, employees shall be physically clean, neat and well groomed; dressed in a manner consistent with assigned job responsibilities.

Employees shall be groomed in such a way that hair style does not cause a health or safety hazard.

Employees shall be required to utilize safety gear provided by the district when performing assigned duties.

Delegation of Responsibility

If an employee feels that an exception to this policy would enable them to carry out assigned duties more effectively, a request should be made to the immediate supervisor.
