11/1/25

Dear Parents/Guardians:

The Commonwealth of Pennsylvania requires all students to demonstrate proficiency on the Algebra I, Literature, and Biology Keystone Exams as a graduation requirement. The Winter Keystone exams will be administered according to the schedule below.

Exam	Grade	Date	Time
Literature	11/12	12/4/25-12/5/25	8:15am-11:00am
Algebra	9-12	12/9/25-12/10/25	8:15am-11:00am
Biology	11/12	12/11/25-12/12/25	8:15am-11:00am

All students eligible to complete the Keystone Exams **including those enrolled in CAVE** will be required to complete the exams according to the enclosed schedule. Please be sure to arrange transportation and plan to arrive in your homeroom no later than 8:15am. CAVE students will arrive at the main office. Students will remain in their respective testing rooms until all students have completed the exams. Please review the documents titled Information for Parents/Guardians (FAQ) and the Use of cell phones/electronic devices, located on our CHS webpage. Additional information regarding the Keystone exams can be found on the Pennsylvania Department of Education's website.

Chapter 4 of school code provides language and procedures for parents/guardians to opt out of testing due to religious reasons. This process includes signing a confidentiality agreement, reviewing the assessment booklet(s), and signing an affidavit to the superintendent indicating your religious objection. Parents/Guardians also have the right of refusal to participate in this assessment process. This request must be provided to the building principal in writing that includes the student's name, grade level and your refusal for them to participate in the assessment.

As always, we sincerely appreciate your support and are available to answer any questions that may arise. Please feel free to direct any questions to the CHS main office or myself.

Sincerely,

Donald Jacopetti, CHS Principal

11/5/25

Dear Parents/Guardians:

The Commonwealth of Pennsylvania requires all students to demonstrate proficiency on the Algebra I, Literature, and Biology Keystone Exams as a graduation requirement. The Winter Keystone exams will be administered in grades 9-11 beginning on December 4, 2025.

Chapter 4 of school code provides language and procedures for parents/guardians to opt out of testing due to religious reasons. This process includes signing a confidentiality agreement, reviewing the assessment booklet(s), and signing an affidavit to the superintendent indicating your religious objection. Parents/Guardians also have the right of refusal to participate in this assessment process. This request must be provided to the building principal in writing that includes the student's name, grade level and your refusal for them to participate in the assessment. Below is a detailed description of the opt out process for your review.

- Prior to each testing window, assessments will be available for review by parents and guardians. The assessment must be reviewed on district property and district personnel must be present at all times. Districts must provide a convenient time for the review.
- Parents and guardians must sign the Parent Confidentiality Agreement. Parents and guardians may not photocopy, write down, or in any other manner record any portion of the assessments, including directions.
- If after reviewing the test parents/guardians find the test to be in conflict with their religious beliefs and wish their student(s) to be excused from the test, the parents/guardians must provide a written request that states the objection to the Superintendent or Chief Executive Officer.
- If the student is excused from the assessment due to parental or guardian request, school personnel must provide an alternative learning environment for the student during the assessment.

More information on the opt-out process can be found at <https://www.pacode.com/secure/data/022/chapter4/s4.51b.html>. Please contact 570-673-5134 to schedule an appointment. As always, we sincerely appreciate your support and are available to answer any questions that may arise. Please feel free to direct any questions to the CHS main office or myself.

Sincerely,

Donald Jacopetti, CHS Principal

November 1, 2025

Dear Parents of Homeschooled Students:

This letter is to notify you that the Canton Area School District will be administering the Pennsylvania System of School Assessments (PSSA) to our third, fourth, fifth, sixth, seventh, and eighth grade students. Additionally, the Keystone Exams will be administered to students at the end of course in the subject areas of Algebra I, Literature, and Biology. Please see the schedule on the back of this letter.

If you would like to have your student take the test for which they qualify, please call the principal to schedule: Mr. Lucas Bailey in the elementary school (570-673-5196) or Mr. Donnie Jacopetti in the high school (570-673-5134).

If you have any questions, please do not hesitate to contact me.

Sincerely,

Amy Martell, Ed.D.
Superintendent of Schools
Canton Area School District

AM/bf

cc: Lucas Bailey
Donnie Jacopetti

Information for Parents or Guardians

Pennsylvania Keystone Exams

What are the Keystone Exams?

The Keystone Exams are end-of-course assessments designed to evaluate proficiency in academic content. Beginning with the class of 2022–2023, students must demonstrate proficiency on the Algebra I, Literature, and Biology Keystone Exams to graduate or fulfill one of the other pathways provided to graduate. Students will be offered multiple opportunities to take the keystones throughout their high school career.

Who will participate in the Keystone Exams?

In 2012–13, the Algebra I, Literature, and Biology Keystone Exams replaced the 11th-grade Pennsylvania System of School Assessments (PSSA) in math, reading, and science for purposes of student, educator, and school accountability. Students should take the Keystone Exams at or near the end of a Keystone-related course. The students' results are banked until their junior year for accountability purposes and until their senior year for graduation purposes. Some students who previously completed a Keystone-related course but did not take the Keystone Exam will also participate for accountability purposes. All students who take a Keystone Exam may retake the exam.

When will the exams be offered?

The Keystone Exams will be administered three times each year—winter, spring, and summer. Specific administration dates will be published by the Pennsylvania Department of Education.

Who decided what Keystone Exams should measure?

Groups of educators from across Pennsylvania chose the areas of knowledge on which the Keystone Exams are based. The groups included teachers, supervisors, curriculum directors, and college specialists. Other groups of Pennsylvania educators also reviewed, edited, and approved exam questions.

What is assessed on the Keystone Exams?

Pennsylvania adopted the Pennsylvania Core Standards, standards aligned with expectations for success in college and the workplace. The keystones are designed to measure these standards.

How long is a Keystone Exam administration?

There is no time limit for a student to complete a Keystone Exam. Each Keystone Exam should take the typical student two to three hours to complete. There are two modules on each test, and each module (or Test Session) of the Keystone Exam should take one to 1.5 hours to complete. Districts can administer the Keystone Exam modules across two days or divided across the morning and the afternoon of the same day.

What are the available formats for administering the Keystone Exams?

The Keystone Exams are available in both online and paper and pencil formats. Districts will determine if online, paper and pencil, or both formats will be used locally. Makeup exams will also be administered in either online or paper and pencil format.

Will students have an opportunity to experience online testing before taking a Keystone Exam online?

Tutorials and online training programs have been developed for the Keystone Exams. The PA Online Assessment Student Tutorial uses pictures, motion, and sound to present visual and verbal descriptions of the properties and features of the PA Online Assessment system. Students are allowed to repeat the Student Tutorial as often as desired and needed. The Online Tools Training (OTT) provides an introductory experience using the PA online assessment software allowing students to observe and try out features of the PA online assessment software prior to the actual assessment. Within the OTT, students also have the opportunity to practice typing responses in a narrative format, graphing functions, interacting with technology-enhanced questions, and entering equations using an equation builder tool. The online exam also has a "Help" feature that is available to the student during the exam.

PENNSYLVANIA CALCULATOR POLICY

If a student chooses to use a calculator (other than the online options) on the Keystone Exams or PSSA in sections where the calculator is permitted, the student must adhere to the guidelines listed below. It is incumbent upon the School Assessment Coordinator to ensure that all calculator policies are implemented and followed, including making sure calculators have no programs or other data stored in their memory other than those that are factory installed. Please note that if a student wants to restore the deleted programs, the student will need to back up these programs prior to the assessment. In addition, the memory must be cleared on the calculator prior to and following each test session of the assessment. This task must be completed by the Test Administrator or Proctor. Students are not to complete this task.

Calculators with testing mode or exam mode must have the testing mode or exam mode activated prior to the exam session by the Test Administrator or Proctor. Directions to activate testing mode or exam mode are provided on the PDE website.

The following are not permitted for the PSSA or Keystone Exams:

- Devices that have a primary purpose other than functioning as a calculator such as cell phones, smartphones, smartwatches, PDAs, laptops, tablets, pocket organizers, etc.
- Calculators with infrared, Wi-Fi, Bluetooth, or other beaming or wireless capabilities, unless the beaming or wireless capabilities are disabled
- Calculators with built-in Computer Algebra Systems (CAS)
- Calculators that make noise, have paper tape, need to be plugged in, or talk; these specific calculators can only be used as a required accommodation as stated in the Accommodations Guidelines
- Calculators shared by students during a test session
- Any and all non-factory (add-on) programs or information stored in the calculator

This calculator policy is intended to be a general description of what is not allowed. It is not meant to be an exhaustive list of specific calculators, devices, or technologies that must not be used on the PSSA or Keystone Exams. Please note that as technology changes, this policy may also change.

CODE OF CONDUCT FOR TEST TAKERS

DO ...

- Listen to, read, and follow all directions given.
- Ask questions if you do not understand the directions.
- Read each question carefully, especially multiple-choice items that ask for the “best answer.” Also, be sure to read any open-ended items carefully before responding.
- Be careful when marking your answers so that you do not skip spaces or fill in the wrong sections.
- Make sure to completely fill in the bubble for the answer(s) you select and erase completely any answers you change.
- Keep your eyes on your own test.
- Try to answer each test item.
- Check that you have completed all the test items in the test section before closing your test booklet or submitting your final responses online.
- Report any suspected cheating to your teacher or principal.

DO NOT ...

- Have notes in your possession during the test.
- Have any unapproved electronic devices (cell phones, smartphones, smartwatches, etc.) in your possession during the test. Note, you may have approved calculators, if applicable, during the test.
- Share a calculator with others.
- Use the bubbles in the answer booklet to either eliminate possible incorrect answers or possible correct answers by making marks in multiple bubbles and erasing. Mark only the bubble for the correct answer(s) you have chosen.
- Talk with others about questions on the test during or after the test. (Students should be assured that they may discuss the testing process or issues of concern with their parents/guardians.)
- Take notes about the test to share with others.
- Leave an online test session until the session is complete or until instructed to do so.
- Use social media to post information about the test and/or test items.

Dear Parent/Guardian:

In an era of cell phones, smartphones and other electronic devices which can easily photograph and instantly share photographs, confidential and secure test materials can be easily compromised. Not only is it expensive to replace a compromised test item, the material contained in the PSSA and Keystone Exams is copyrighted property of the Commonwealth of Pennsylvania. Copying or duplicating the material from the assessment, including the taking of a photograph of secure assessment material, is a violation of the federal Copyright Act. Penalties for violations of the Copyright Act may include the cost of replacing the compromised test item(s) or fines of no less than \$750 up to \$30,000 for a single violation (17 U.S.C. § 101 et seq.).

In order to ensure reliable test results and to avoid the cost of replacing test items, the Department of Education requires schools to set rules and take certain steps to protect test materials. Electronic devices such as but not limited to cell phones, smartphones, smartwatches, E-readers, Nooks, Kindles, iPods, tablets, camera-ready devices, and any other electronic device which can be used to photograph or duplicate test materials, access the internet and/or communicate with others during the administration of the PSSA or Keystone Exams are not permitted in any testing site. Please speak with your child and let your child know that the possession and/or use of a cell phone or other electronic device during the administration of the PSSA or Keystone Exams will result in consequences.

You will be contacted by the school if your child is discovered using and/or having a cell phone or other unapproved electronic device during the administration of the PSSA or Keystone Exams. Students who ignore this directive will be subject to the school's discipline policy and the Department of Education's requirement that the student's test will not be scored and the student will be required to retake the entire exam. The electronic device will be held by school staff, and the device's stored photographs and other functions will be examined with your permission. You may request to be present when the electronic device is examined. If a photograph of the PSSA or Keystone Exam is discovered or if permission to search other functions of the electronic device is refused, the device will be held by the school staff. The Pennsylvania Department of Education holds the copyright to all material contained within the PSSA and Keystone Exams. The Pennsylvania Department of Education will be contacted and further action may be taken.

If, after testing is complete and test materials have been returned, it is discovered that a student used and/or had a cell phone or other unapproved electronic device during the administration of the test, the school's discipline policy will be followed and the student's test will not be scored.
