

**MEMORANDUM OF UNDERSTANDING**  
**Unified Champion Schools**  
**Supervisor's Stipend 2025/2026**

The parties to this agreement, the Canton Area Education Association (hereby referred to as Association) and the Canton Area School District (hereby referred to as District) agree to the following Memorandum of Understanding to the contract between the Association and the District, effective July 1, 2025 and shall sunset June 30, 2026:

Whereas: The District intends to participate in the Unified Champion Schools Program which offers a limited number of students to participate in a competitive, adaptive athletics league. The team will be comprised of an equal number of students with disabilities and students without disabilities.

Whereas: The District, in participating in the Unified Champion Schools Program, has entered into a Memorandum of Understanding to provide one thousand (\$1,000) per year to be distributed entirely to all supervisors, split into equal shares, if more than one.

Therefore: It is agreed that the supervisor(s) will each submit a co-curricular pay request, which the sum of all shall not exceed \$1,000, at the end of the fiscal year in which the district participates in the Unified Champion Schools Program.

## Proposed Budget

2026/2027

### Executive Summary

**The IU team invites your inquiries and suggestions for its budgets and services and is available to discuss them at any district board meeting or administrative team meeting. Please direct inquiries to Christina Steinbacher-Reed, Executive Director or Sara McNett, Director of Management Services at (570) 673-6001.**

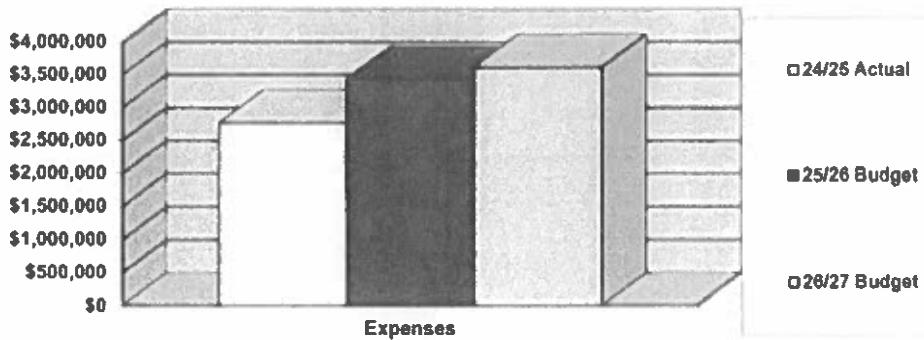

#### Overview:

This budget package contains a balanced budget for the General Operation (Funds 10 and 12) of IU 17. This budget does not include most program budgets for Federal, State, or local sources for specific purposes. Examples of these budgets are IDEA Supplemental Education Services (Individuals with Disability Education Act), Alternative Ed, partial hospitalization, Software consortium, eQUIP, etc. These budgets are governed by IU 17's Board of Directors and are adopted throughout the year. As the pie chart above illustrates, the General Operations Budget (Funds 10 and 12) comprises approximately 8.4% of the I.U. budgets, as compared to 8.2% last year.

#### General Operations:

Again this year, there is no assessment to the districts being proposed to support the General Operations Budget.

### Expenses:

As the above graph indicates, budgeted expenses are higher than last year's by approximately \$175,162, for an increase of 5.09%. Aside from normal year-over-year growth in employee salaries, a key driver in the increasing expenses is rising employee benefit costs. Early projections for healthcare insurance require a 14.1% budgetary increase for this benefit. Fortunately, growth in required employer share for PSERS retirement contributions has now slowed. The current budget reflects estimated 2026-27 salaries, with actual employee salaries to be set by the IU 17 Board of Directors during the Spring of 2026.

We have an anticipated capital transfer amount of \$200,000 in order to continue building a reserve to replace the heating units and fund upgrades and upkeep at both the Canton and Williamsport offices. Also, it is important to note that some expenses are allocated across many IU budgets (utilities, copiers, etc.) As revenue to other budgets diminishes, and salary, health care and PSERS increase, there is an increased pressure on the General Operations budget to absorb these costs.

### Revenue:

The General Operations Subsidy for Intermediate Units remains eliminated from the State budget. IU 17 has been fortunate to receive revenue-generating opportunities from the state in past years, but a change in PDE's procurement strategy for Statewide System of Support initiatives has altered this revenue stream by channeling contracts through larger Intermediate Units that act as a "prime contractor" to PDE. We must continue to be proactive in seeking contracting opportunities outside IU 17 in order to fund our general operations without placing a financial burden on IU 17 member districts. We continue to contract services and products to our districts, as well as to districts and Intermediate Units throughout the state, to generate revenue in support of the General Operations budget.

IU 17 receives a significant portion of its revenue from indirect cost streams related to many of its state and federal programs. As these programs continue to experience flat funding or very small increases, we are struggling to accommodate salary and benefit increases within program grant funds. As a result, the indirect cost pool is being tapped to help cover these expenses, placing additional pressure on General Operations revenue. To the extent these revenues decrease, fund balance will be used, if necessary.

In order to continue providing delivery of training and technical assistance services to our member districts at no charge whenever possible, IU 17 intends to once again apply to PDE for an administrative waiver of 11% of Component 2 funds to support training and consultative (TAC) services.

There is no assessment to the IU 17 member school districts. On the affirmative vote of the IU Superintendents, we will request a \$2,500 per district contribution to help defer the cost of continuing professional development for school district administrative staff.

## **BUDGET ADOPTION PROCESS**

1. The IU 17 Team prepares the General Operation Budget.
2. The IU 17 Advisory Council of Superintendents reviews the Budget.
3. Reviewed and recommended for adoption to the IU 17 Board of Directors.
4. The Intermediate Unit Board of Directors shall, at least thirty (30) days before May 1st, adopt and advertise the proposed Intermediate Unit budget.
5. Copies of the approved budget are provided to each school board member of each component school district for consideration and approval.
6. The budget approval requires: (a) the affirmative vote of a majority of the nineteen school districts, and (b) a majority of the proportionate weighted votes (as determined by the Pennsylvania Department of Education) calculated from the resolution. This resolution is to be submitted to the Intermediate Unit by each board's secretary no later than April 15, 2026.
